

BARCODE FONT- EXCEL FORMAT

Code 39 Font for **Windows**-Based Workstations (Free 3 of 9)

1. Locate the **free3of9.ttf** link and **right** click on it. On your keyboard click on **ctrl+left** click your mouse.
2. Select the **Save Target As...** (Internet Explorer) or **Save Link As...** (Netscape Navigator) option from the window.
3. A **Save As** window will appear. If using Windows XP, save the file to your **desktop**. Otherwise locate the **C:\Windows\Fonts** folder or the **C:\WinNT\Fonts** on your computer. Once the folder is open, click the **save** button.
4. If using Windows XP, use your **Control Panel** to locate the **fonts** folder. Then drag & drop the **free3of9.ttf** file from your **desktop** to the **fonts** folder.
5. You may need to re-boot your computer for the font to be recognized.
